

## **Taddington live Bake off challenge**

You have been invited to participate in the Taddington Bake off.

Each week you will be given a task for you to bake the following week. This will allow you to gather ingredients and equipment in time for the live show. We will meet every Wednesday at 3:20pm (allowing children who are in school to participate). You will have the chance at this point to share your ideas/diagrams etc of what you are going to bake. We will then end the 'meet' and join up again part way through to see how you are all getting on. Finally, we will 'meet' at the end where you can show off what you've created. The total time to complete the challenge will usually be an hour, this may change slightly depending on the task.

### **Notes**

- This is an optional challenge
- There will be a points system
- Siblings will bake together, forming a team
- It might be a good idea to weigh out ingredients prior to the live 'meet'
- Parents should supervise and prompt (where necessary) but the children should complete the tasks themselves
- The age of children will be taken into consideration when judging.

### **Points system**

Points will be awarded by parents for:

- Working well with siblings e.g. sharing out roles, taking turns, supporting one another
- Using initiative
- Taking responsibility for tidying and washing up all equipment
- Taste

Points will be awarded by myself for:

- Being imaginative with designs and flavours
- Uniformity (where applicable)
- Aesthetically pleasing to the eye

Happy baking!

Miss Furness
